Lexite™ PS

Plastic-safe aerosol cleaner and degreaser

Cleans electrical and electronic equipment without harming plastic components

Lexite PS quickly and thoroughly cleans surfaces without dismantling equipment and evaporates fast without leaving any residue. Simply spray on and let dry. Flushes away grease and dirt that conceal loose connections or prevent parts from moving freely. No need to wipe down or pick up residue with this nonstaining, noncorrosive, CFC-free formula.

Always read the product label for complete directions and precautions before using any product.
